WORK EXPERIENCE

Quality Development Engineer InfuCare RX

09/2025 - Present

Developed healthcare app features, led PrimeReact migration, built custom UI, optimized performance, and managed Azure deployments.

Front-End Developer VirtuNexa

01/2025 - 02/2025

Built responsive web apps with ReactJS, JavaScript, HTML, and CSS, creating reusable UI components and ensuring cross-browser compatibility.

PERSONAL PROJECTS

Finance Manager

- This Java project utilizes JPA (Java Persistence API) for data persistence and AWS for cloud-based deployment, enabling users to efficiently manage their income and expenses. The application allows for tracking, categorizing, and analyzing financial transactions, providing valuable insights into personal finance.

Mental Health and Wellness Analyser

- This project analyzes stress levels and provides personalized recommendations for stress relief, including curated music playlists, healthy dietary suggestions, and tailored fitness exercises, promoting holistic well-being and stress management.

E-Mail Auto-Responder

- Automate email responses using UiPath Studio RPA.

EDUCATION

B. Tech Information Technology - 8.5 Anand Institute of Higher Technology

11/2021 - 04/2025

Kazhipattur, India

HSE-Second Year - 85.5%

Periyar Matric Higher Secondary School

06/2020 - 03/2021

Jayamkondam, India

SSLC - 88.4%

Periyar Matric Higher Secondary School

06/2018 - 04/2019

Jayamkondam, India
